

Students have many opportunities to obtain additional help with their classroom assignments.

1. The National Honor Society tutors students Monday - Thursday in the media center (2:45-3:45).
2. Teachers can pair up students to work together who may be in the same subject or who took the class previously.
3. Students should pair up with a student in their class to get a home phone number so they can call at night if they need help or do not understand an assignment.
4. e-Tutor is a free online resource to help students with homework. See directions: [e-Tutor](#)
