BENJAMIN J. WILLIAMS

JAMES E. NOTTER  
*Superintendent of Schools*

Parents:

Western High School will be holding a community meeting on February 2<sup>nd</sup> at 7:00pm in the Media Center to discuss the possibility of adding Professional Study days to our calendar. These are days where students will be released from school early in similar fashion to current Early Release days. This will allow teachers more time to develop skills necessary to help increase student achievement. This will also impact students and parents in that student's will be released from school early on the days selected.

If you wish to have input on this issue, please plan on attending the meeting. We look forward to seeing you.

Sincerely,

Scott Fiske, Principal
